

Fingerprint Development & Recovery Workshop

For the Crime Scene Investigator

Skokie, Illinois

March 18-20, 2024 / Hosted by Skokie PD

This is a three day (24 hour) hands-on workshop designed for the crime scene investigator responsible for processing crime scenes and evidence for latent impressions.

Persons interested in attending will be required to bring photography equipment.

The registration fee includes all materials used in the class including film and film processing.

The small class size of this workshop is meant to allow students ample time to work through practical exercises and to permit the instructors to closely evaluate each student's work.

Upon receipt of the registration form, a confirmation notice will be sent including directions to the class site and a list of equipment that the student will need to bring.

Topics covered include:

- Fingerprint History & Physiology
- Conventional Development Techniques
- Chemical Development Techniques
- Contaminated Impressions
- Safety Procedures
- Approach to Scene Examination
- Documentation & Photography
- Reporting
- Obtaining Exemplars
- AFIS & IAFIS Searches
- Trace DNA vs. Fingerprints
