Our Training Philosophy

Imprimus Forensic Services, LLC is dedicated to providing high quality training and support services for the investigative community. We believe that the best method for developing the techniques and skills necessary to perform tasks related to this field, is through hands-on training taught by experienced instructors using appropriate equipment.

Our workshops are competency based programs where skills are honed through focused training, developed around careful task analysis of incident scene processing functions. All sessions are designed to compliment and reinforce one another through an overlapping of skill sectors.

In addition to our standard programs, we can work with your agency to create a customized training regimen tailored to suit the needs of your personnel.
