

**Advanced Crime Scene & Evidence
Photography Workshop
For the Incident Scene Investigator**

Springfield (IL) Police Academy
May 23 - 25, 2011

This is a three day (24 hour) hands-on workshop designed for the incident scene investigator that will enhance their photography skills in difficult situations. It presents detailed instruction in advanced photographic principles and exposure to useful photographic accessories

Persons interested in attending should have already completed a basic photography program and will be required to bring photography equipment including a tripod and off-camera flash.

The registration fee includes all materials used in the class including film and photo processing.

The small class size of this workshop is meant to allow students ample time to work through practical exercises and to permit the instructors to closely evaluate each student's work.

Upon receipt of the registration form, a confirmation notice will be sent including directions to the class site and a list of equipment that the student will need to bring.

Topics covered include:

- Review of Principles of Camera Operation
- Advanced Flash & Lighting Techniques
- Low-Light Photography & Time Exposures
- Photography of Luminol Enhanced Patterns
- Close-Up and 1:1 Photos
- Bloodstain Pattern Documentation
- Selecting & Using Specialty Filters
- Photographing Fluorescence
- Panoramic Documentation of Incident Scenes
- Unusual & Difficult Shooting Situations
- Digital Imaging Issues

For more information go to www.imprimus.net or call us at 847-804-8420.
